On my way in, I may have to wait in line.

There will be people helping with security to make sure everyone is safe. As part of this team, I may see a dog. The dog will not touch me. The dog may bark to communicate with the security team.

An usher will scan my ticket (on a phone) so I can get into the theater.

TDF Volunteers will be passing out different fidget tools to audience members.

There are many seats in the orchestra section of the theater!

I will show my electronic ticket to the usher to seat me. The numbers on the ticket let me know where my specific seat is.

Inside the theater, an usher will let me know where to go.

I may use the bathroom on the way to my seat or at any time during the show.

All bathrooms are family bathrooms.

The theater will become dark and quiet so the audience can experience the sounds of the show—the singers and the live orchestra.

The actors wear costumes when performing. This helps them pretend to be the characters they are portraying.

The actors will not touch anyone in the audience.

If the show is ever too loud or too bright, I may take a break in one of the Break Areas.

In these areas, there are bean bag chairs and mats I may sit or lay on.

When I am ready, I may go back into the theater to experience the show!

There will NOT be an intermission, a break during the show.

The audience may clap during and at the end of the show.

Clapping lets the actors know that the audience likes their performance.

If the clapping is too loud I may ask a TDF volunteer for ear plugs or headphones to help make it quieter.

When the performance has finished, the audience will leave the theater.

We look forward to seeing you at upcoming
TDF Autism Friendly Performances!
